Subject: - Facilities for Development of Computer Based Test (CBT) Centres.

Sir,

The recruitment to non-gazetted positions is a very important factor for human resource development in Government of India and various State Government Departments. However, there are several challenges during recruitment process of non-gazetted positions. The main challenge is non-existence of proper examination centres where CBT can be conducted.

2. NRA proposes to set up exam centres all over the country on a PPP model. For this purpose, NRA would require suitable buildings space at important locations in the States/UTs. We would require around 10,000 sqft. of space at each such location.

3. I had requested earlier also on the above proposal along with appointment of a Nodal Officer. Some States/UTs have already informed us on the buildings/space available and also appointed nodal officers. However, this may need to be reconfirmed or updated.

4. I would, therefore, request you to instruct State Government Agencies/PSUs and Municipal Bodies to locate suitable premises for this purpose. NRA will take these premises on rental/lease basis for a period of about 5 years.

5. Further, it is requested that a Nodal Officer be appointed for this purpose who can coordinate with NRA. The Nodal point at NRA will be Shri Sanjeeb Kumar Mishra, Secretary-cum-CoE. The details of Shri Mishra are given below:

Shri Sanjeeb Kumar Mishra, IAS
Secretary-cum-CoE,
National Recruitment Agency,
4th Floor, Tower-II
LIC Jeevan Bharati Building, Janpath,
New Delhi-110001
Email: secy-nra@gov.in
Mob:9654237470

6. The CBT centres will be used for conduct of examinations by Government of India and its organisations. These Centres would also be available for conduct of CBTs by State Government and its organisations.

Yours faithfully,

(Pradeep Singh Kharola)
Chairman
